## Honoring Entry-Level Positions

Low-skilled workers are being threatened on Thursday, August 29th. Organized labor is trying

to eliminate entry-level positions by making all jobs into so-called “living wage” jobs at \$15 per

hour — they have organized a nation-wide strike on all fast food restaurants.

**HELP us preserve entry-level jobs!**

**EAT FAST FOOD from August 29th through Labor Day.**

Those still working on the 29th did NOT walk out, so please tip them well!
